STOCK PRICES DROPPED. On Fears of Another Grave International Chisis.

Dougherty 24 Bush 21

New York, March 27.—Fears of another grave international crisis resulting from the active renewal of the submarine warfare in European waters disconcerting reports. ters, disconcerting reports regarding the progress of events in Mexico and the possibility of a nation-wide rall-roads trike constituted the chief disadvantages under which today's slug-gish and professional market labor-ed. Prices of important stocks yielded one to three points in the forenoon and some specialties suffered greater

Dealings at that particular period were sufficiently broad to suggest further liquidation, especially in the war shares and affiliated issues. Re-McGraw is preparing to cut down his squad. He has asked for waivers on a number of youngsters, but is not ready to announce just who. It is almost certain that Jacobson will be in Rochester when the season opens.

In a free blacking and affiliated issues. Recessions were gradual but none the less effective and support seemed to be lacking, except at marked concessions. Further ground for discouragement was found in the continued aloofness of the investment public.

The list strengthened in the dull final hour. Rochester when the season opens,

In a free hitting contest the Washington American league team defeated University of Virginia at Charlottes-

ville Saturday 9 to 6, the collegians getting five runs off Gallia in one inning and one off Walter Johnson in the remaining eight.

demand.

Western Maryland preferred made an extreme advance of two to 49, placing that stock within easy range Scratch the skin of a Russian and you will draw the blood of a Tartar, we are told. Scratch the skin of the Detroit ball players and you draw the blood of the Tigers. The Giants scratched the Tigers in Marlin Saturday, but in the return game Sunday afternoon the cohorts of Hugh Jennings won by a score of 5 to 2.

placing that stock within easy range of its maximum of the past year. There were full recoveries and in a number of instances actual gains among stocks that showed greater heaviness in the morning.

Mexican Petroleum, U. S. Industrial Alcohol. Crucible Steel, Ealdwin Locomotive and sugars helped to sustain the market at its irregular close, likewise U. S. Steel and Mercantile Marine preferred. Total sales amounted to 535.000 shares.

Moderate purchases of the internatianal list were reported for account of London, but the inquiry from that source was offset by selling for Dutch interests which may have represented German holdings. Foreign exchange to London and principal continental

points showed no material change from last week's closing rates. The western section of the country continued to sound a note of optimism both as to general business and freight onnage, although car shortage con-nues to curtail the movement of eastund freight.

Bonds evinced a slightly lower rend with large sales of the Anglo-rench issue at 95. Total sales, par value, aggregated \$4,175,000. U. S. bonds were unchanged on

HOLD PARIS CONFERENCE

VPPER HING

steppes north of the Caspian, a huge man in furs, with a bearskin hat. Back of his automobile was a line of huge autovans. These vans excited the wonder and fears of the populace, as likely to let loose some new device of Russian terror. The commander-in-chief proceeded direct to the palace of the shah, where an audience was given amid doubts and apprehensions.

With the greetings concluded, the commander-in-chief ordered the motorvans to enter the royal court, and as the shah looked on he saw the vans bring forth a great assemblage of Russian dancers, male and female—

Recommender in chief. Crown Prince Alevandria of Serbia, Premier Pachitch of the same country, Premier Pachitc take part in a war conference in Paris. Premier Briand of France will preside. The conference is looked upon in Paris as of the greatest importance, as it will decide the joint policies to be pur-sued durng the next period of the war.

when he can get it, a big bowl of "kasha"—dry buckwheat and cold sour

milk. The staple diet of the "Turcos"-the the plain people were enthusiastic over the coming of the Russians

This good impression at the start had much to do with the later developments, and the diplomatic observers concluded that the Russians had succeeded in renewing some of the war amenities of the middle ages, when the victorious generals distributed presents along their way to dissipate fears and along their way to dissipate fears and victorious generals distributed presents but the semolina is the mainstay. On along their way to dissipate fears and this a Turco will march forty or more miles a day, carrying a weight of from eighty to one hundred pounds, more than is borne by any other soldier anywhere.

Italian soldiers are also splendid marchers, and they, to, exist largely on a farinaceous diet; macaroni, spaghet-ti, and so on. They are also very par-tial to fruit, which is issued, together with wine and cigars, as part of their regular rations whenever possible, No German considers his daily menu complete without a sausage of some kind or other, and the "higher" it is as regards flavor the better he likes it. The mainstay of the French soldier consists of his beloved "soup," he calls it, but which is really a thick, nourishing stew, made from meat, pota-toes and various other vegetables. — Tit-Bits.

Indigestion. One package

Indigestion. One package proves it. 25c at all druggists.

Inquiry today indicates that there is little gasoline in storage.

"(d) Decreased production of crude containing a large perecentage of gasoline, as in the Cushing pool, of Oklahoma, the daily production of which homa, the daily production of which declined from more than 200,000 barrels in January, 1916. The decline of the Cushing pool was partially compensated for by an increased production of crude from other pools, the gasoline content of which production, however, was from 5 to 7 per cent. less than that of the Cushing crude, while from 10,000,000 to 15,000,000 barrels larger at the end of 1915 than at the beginning of that year, reached their maximum in July. This surplus is beginning of that year, reached their maximum in July. This surplus is now being drawn on to supply the shortage represented by the difference between daily production and existing transportation and refining capacity. and thus until exhausted this surplus tends to steady the oil market."

Here are points on driving down hills: On short hills have the gear lever in neutral, clutch in and engine "ticking over." On long hills have the gear lever in neutral, the clutch in and the engine switched off. Of course this is possible only with cars that are fitted with self-starters or it would fitted with self-starters or it would

be impossible to re-engage the gears without stopping the car.

By the method stated there will be economy in the use of gasoline, no earbonization through cil sucked up past the pistons, good cooling of the engine and minimum of stress on the engine, gears or differential, and it is cheaper to save these than to save
